

Classic Boat

Building Guide

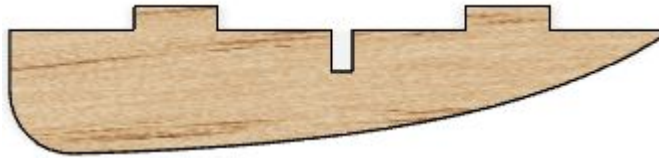

Tools and Parts

Boat's Body

paddle

Mid hull

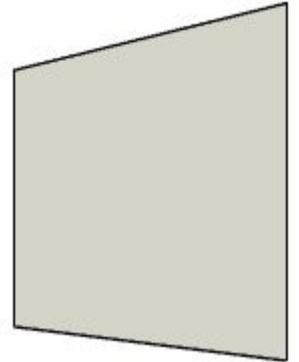

left/right hull

Rubber band

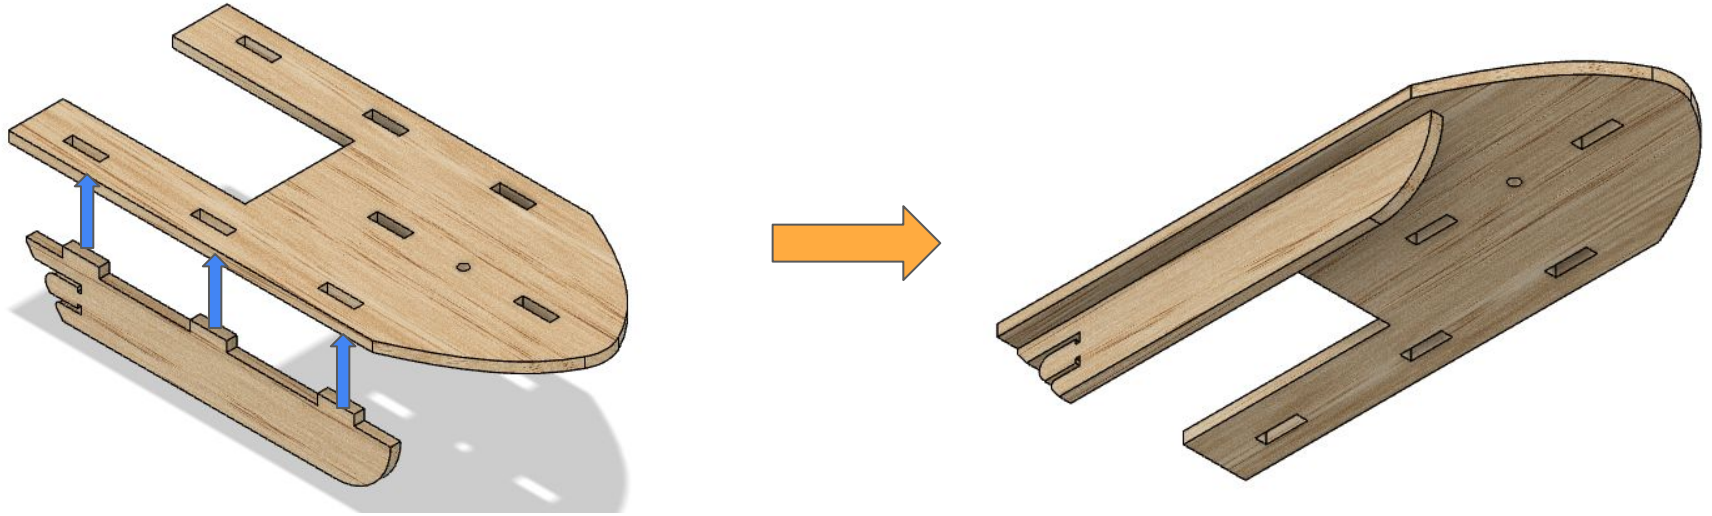

BBQ stick

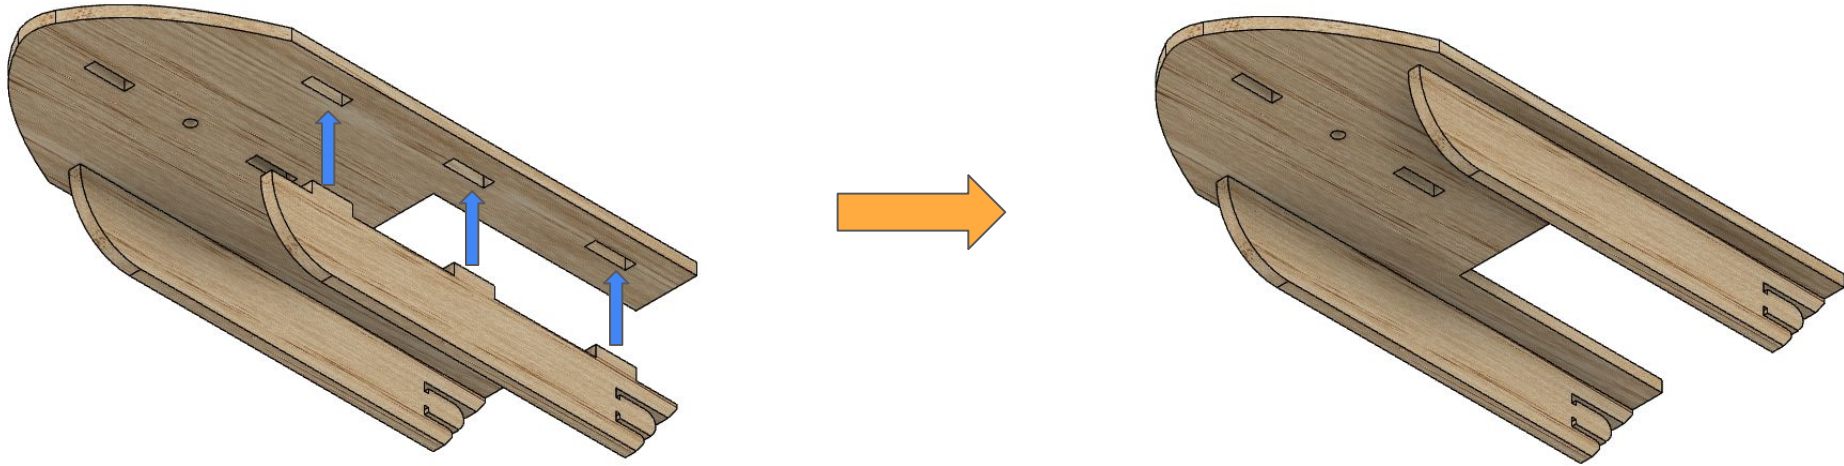

Sail paper

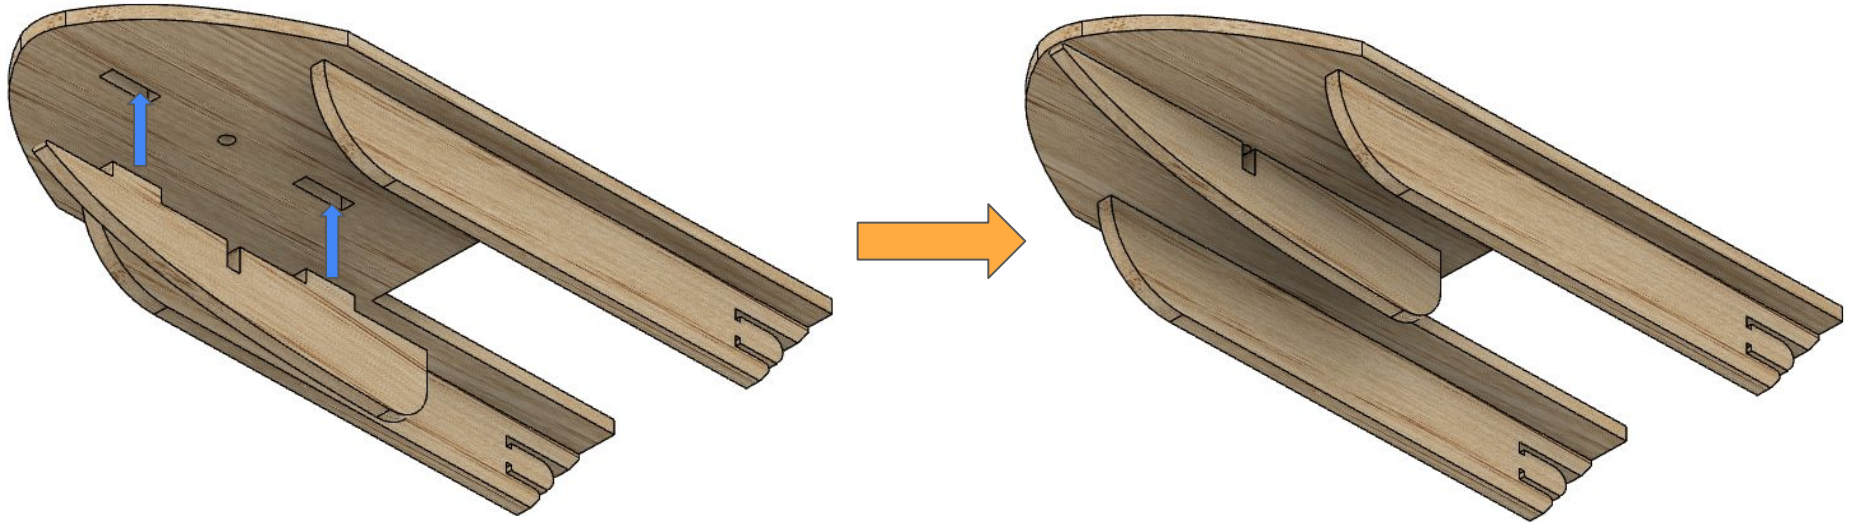

Step 1: Fix the right hull to the boat's right side

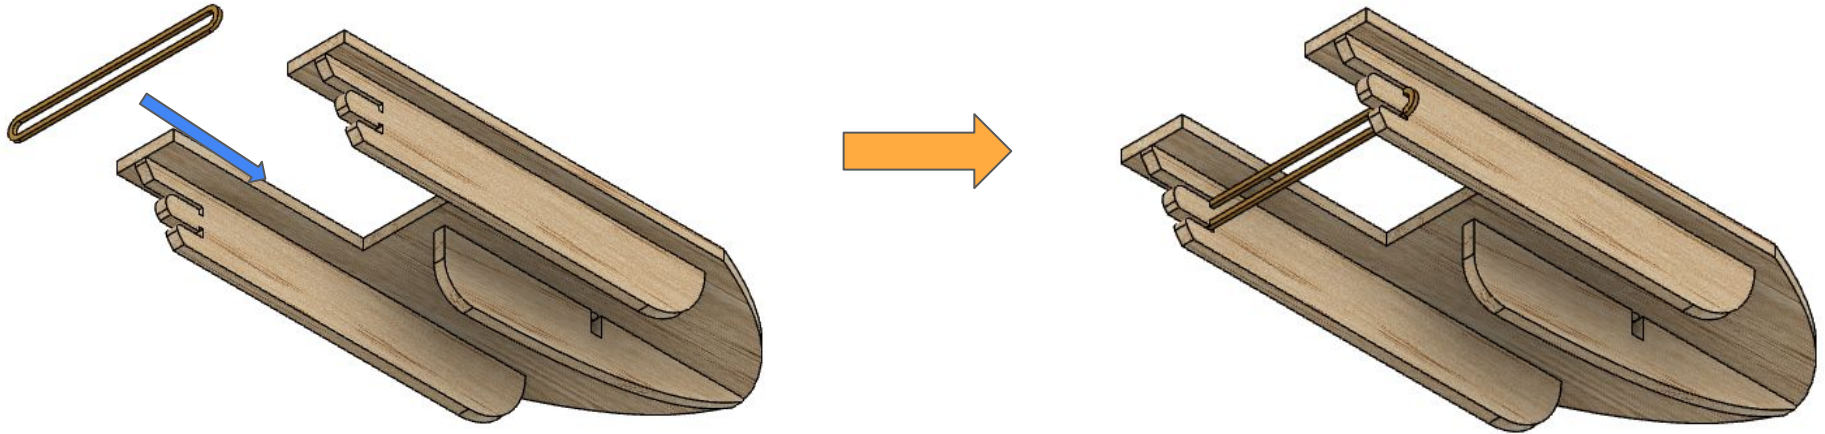

Step 2: Just like the step 1, fix the left hull to the boat as well

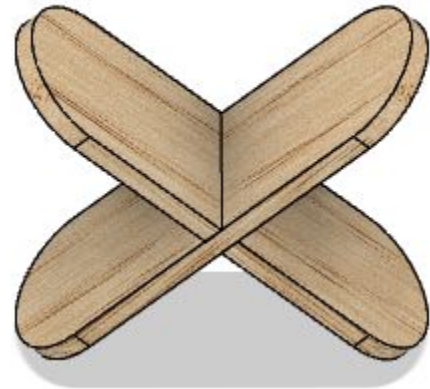

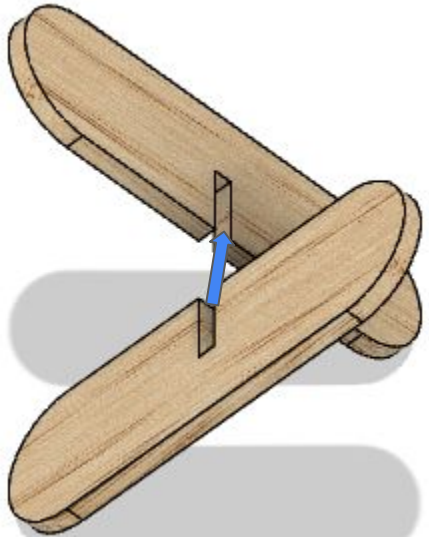

Step 3: Fix the mid hull to the boat as shown below

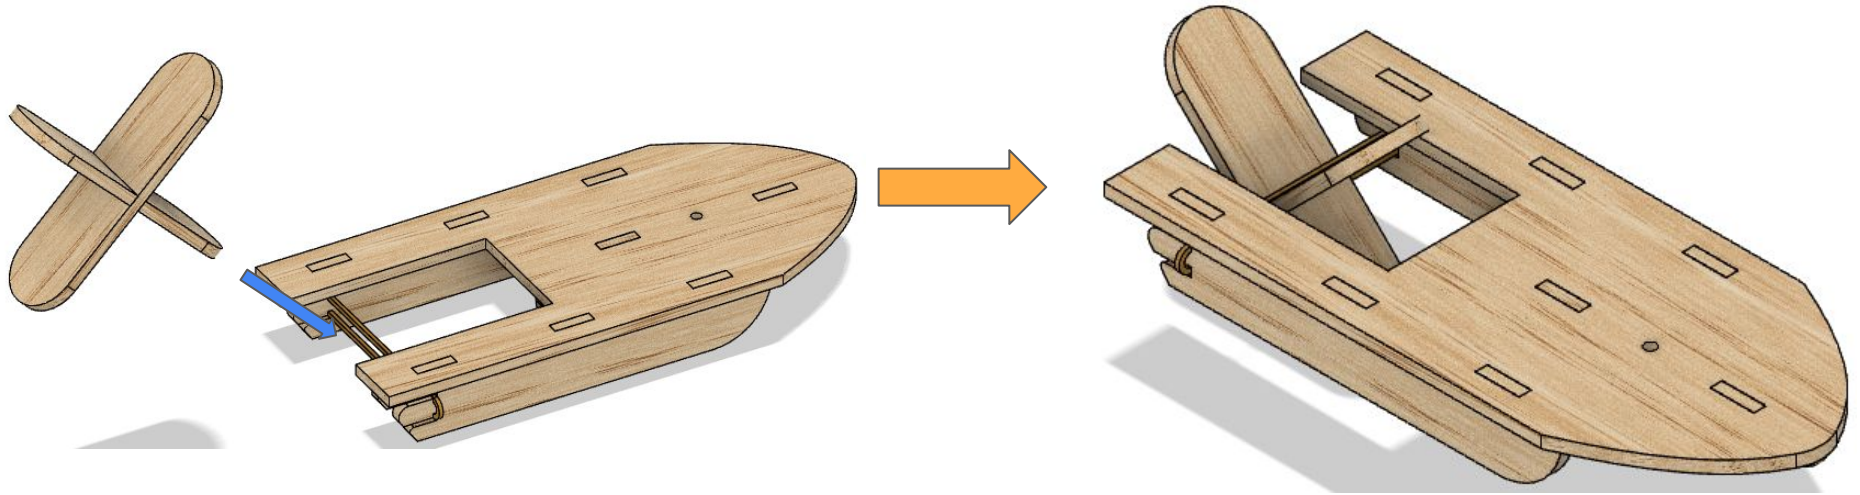

Step 4: add the rubber band to the end of the boat as shown here

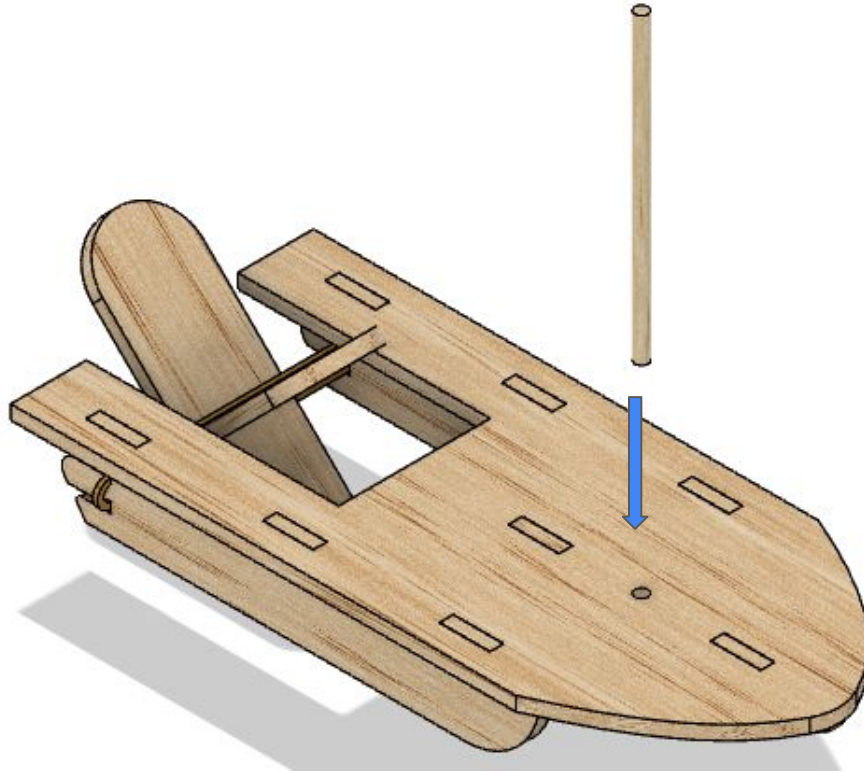

Step 5: fix the paddles as shown in the pictures

Step 6: now fix the paddle to the rubber band at the end of the boat; make sure that, half of the paddle goes through the rubber band.

Step 7: add the given BBQ stick in place as shown

Step 8: add the paper to the stick as instructor shows you
